ZOE Broadcasting Network, Inc. (also known as Light Network) is the television station of Jesus Is Lord Church Worldwide headed by its Chairman, Bishop Bro. Eddie C. Villanueva. ZOE TV was first aired on VHF-TV Channel 11 (with callsign DZOE-TV) in 1998, then it moved to UHF-TV Channel 33 in 2005 after Channel 11 acquired by GMA Network to leased the programs from Citynet Television, Inc.

Good pm enthusiasts:

Do you know that our country is now ready and preparing for the historical shift of our Phl TV from analog to digital?

Since 1953 here in the Phl, television was on analog system (meaning one channel station in one frequency). In the beginning of the 21st. century, modern technology gave way for the development of digital terrestrial system which will replace analog-resulting on good crystal-clear reception and sounds, High-Definition format, multiple channels in one frequency, datacasting, and emergency warning during calamities.

Our country is now already adopted system from and the is making their effort to have our country shift to digital format as soon as possible within 5 years from now or earlier.

Be updated and be a part of the campaign. Like the page! The future of Philippine TV begins now.

GMA Network is ready for digital broadcasting – GMA's Gozon

GMA Network Inc. is ready to take in the Japanese standard in digital television once government issues the implementing rules and regulations (IRR) on migrating from analog TV, its top official said Wednesday.

"We have long been preparing for this eventuality... We are ready for the digitization of broadcast media," chairman and CEO Felipe Gozon said during the company's annual stockholders' meeting in Quezon City.

"We are in the process of exploring business models to maximize both the technological and economic potentials of digitization of our broadcasting services," he added.

In November 2013, Malacañang announced the Philippines will adopt the Japanese ISDB-T (Integrated Service Digital Broadcasting-Terrestrial) digital television standard when it migrates from analog to digital terrestrial television in 2015.

President Benigno Aquino III first mentioned his inclination to adopt ISDB-T during the Association of Southeast Asian Nations (ASEAN) Summit in Brunei last month.

"Our stockholders can be confident that your network will not lag behind these technological developments as we continue to build our brand with strong values, principles and purpose," Gozon said.

Asked how soon the company could migrate to digital TV, the GMA Network chief said, "You have to be ready when it comes," referring to the IRR for the shift toward ISDB-T from analog.

But the National Telecommunication Commission (NTC) has yet to issue the IRR, Gozon said.

"Hanggang ngayon wala pang IRR ang NTC. Ang ginawa lang nila is to decide na Japanese standard, but that's a big step. [By the time IRR is out], we are going to be ready," he told reporters after the stockholders' meeting.

"Even without details [of the IRR], we are already doing our thing. In fact lahat ng cameras, studio... digital na. Lahat ng pwedeng digital, dinigitize na namin," he added.

However, the issue broadcast companies is facing is how to profit from digital TV migration.

"Ang hindi kami ready ay kung anong business model [ang gagamitin]. Diyan nagkakatalo... How do you make money out of this digitization," Gozon said.

Under the digital TV migration, consumers would have to shell out \$10-11 or P437.28 to P481 to own a set-top box.

But as the digital TV adoption is just around the corner, Gozon said the network will stick to broadcast media instead of diversifying the business.

"At the moment, kailangan related sa broadcasting. We are building our capability. Mahirap pumasok [sa ibang business] tapos lugi ka lang," he said.

During the meeting, Gozon said the challenge is how content is delivered across different platforms.

"The focus now is serving the diverse needs of our audiences by providing products and services that are tailor-fit to their unique lifestyles and wants," he said.

"Indeed, it is tough to synergize diversity with uniqueness but that is what the broadcast landscape requires us to do now," he added.

Gozon said GMA will focus on developing programs for both local and international viewers and expanding signal and reach in the country and abroad.

[Timow's Turf](#)

Please be warned that the website, Russel Wiki, is an unreliable site and may cause misleading information on Philippine Television Archives.

Obvious reasons include the following:

1. Plagiarism of someone's opinion rather than his own.
2. Use of Google Translate rather his human translation.
3. His abuse of Wikia, particularly, the use of articles as made-up news.
4. The logo and the title cards are partially or fully made of Microsoft Paint rather than a screenshot or a scanned corroborating evidence that the show actually existed.

Therefore, the said site is a HOAX.

A friendly message from Timow's Turf.

Bukas ay 'Araw ng Kalayaan' na mga Enthusiast. Alam natin na ang pagdiriwang na ito ay simbolo ng malayang bansa at lipunang Pilipino na taglay natin mula noon hanggang ngayon.

Ngayon sa mundo ng #PhITV, alalahanin natin ang mga sakripisyo at pagsisikap ng mga sumasabak sa upang maihatid sa atin ang de kalibreng balita at impormasyon sa telebisyon para sa malayang Pilipino. Anupat nasasabak sila sa mapanganib na gawain, ang mahalaga ay maihatid nila sabawat telebisyon ang malayang balitaan.

Alalahanin rin natin ang 'Lupang Hinirang', ang ating Pambansang Awit ng Pilipinas, na ating inaawit at napapanood sa telebisyon tuwing Sign-On at Sign-Off ng isang channel...simbolo ito, hindi lamang para sa Station Notice, kundi maipagmalaki nating mga Pilipino ang ating pagkakakilanlan (identity) at pag-ibig sa ating bansa.

Isang makabuluhan at nag-aalab na pagbati ng Maligayang Araw ng Kalayaan sa ating lahat.

GMA wants to monetize TV standard
digitization

Category : Companies

27 May 2014

Written by Lorenz S . Marasigan

LISTED broadcasting firm GMA Network Inc .

is studying ways to monetize the digitization
of the television standard in the country, as
it seeks to know which business model
would best suit the implementation of the
new technology .

GMA Chairman and Chief Executive Officer
Felipe L . Gozon said his firm is poised to

implement the Japanese standard for digital television, saying that the network is already building its capacity to shift to the new technology .

“ All our plans for the network are geared toward the implementation of the Japanese standard. By the time the [implementing rules and regulations] for the technology comes out , we are going to be ready ,” he said in a chance interview . Gozon said preparations are under way for GMA to implement the Integrated Service Digital Broadcasting-Terrestrial (ISDB -T) standard, saying that the broadcasting company is investing on digital-based equipment.

“ We are already [implementing] our preparations . Our cameras are digital. All things that we [are buying] are already digital. We are starting to digitize everything , except transmission, ” Gozon said .

But while preparations are under way, the businessman said the company is still reviewing possibilities on how to make money out of the new technology . “ What we are not ready for is the business model — that ’s the question. How do you make money out of this digitization ? Nobody knows, ” Gozon noted.

President Aquino announced late last year that the country will use the Japanese standard over the European . Subsequently , the National Telecommunications Commission (NTC) formally endorsed ISDB - T as the sole standard for digital terrestrial television in the Philippines .

NTC Deputy Commissioner Carlo Jose A . Martinez earlier said the government could finish the migration plan for the implementation of the Japanese technology for digital television transmission by the end of this quarter , a slight delay from the first-quarter target announced earlier .

He said the regulator was forced to revise

this target given the issues on frequency allocation for the new technology .

The implementing rules and regulations for the new standard will include equipment pricing , channel planning and implementing the transition to ISDB -T standard .

When ISDB -T is fully implemented , consumers will have to buy a digital set - top box, which would cost about P 1 ,000 .

New observations by the admin regarding on simulcast and audio adjustments. please click the link for the details.

[DTV Pilipinas](#)

Here are our current observations in the Digital Terrestrial TV landscape to this date.

Here in Mega Manila, Although networks have already started broadcasting in Digital using the ISDB-T Platform, Networks are still fine tuning their settings.

We have observed that some of the networks are using the MPEG-2 Audio Layer II in their audio settings. This includes [TV5](#) and [Abs-Cbn](#)

If observed thoroughly, you may hear some degradation especially on the sub channels. This is because the current audio configuration on their sub channels is using mp2 placed at 96kbps .

We have also observed that TV5 has not configured their supposed "1seg channel". It is missing the necessary flags in order for it to be a "true 1seg channel" and can be decoded using our receivers.

Other networks on the other hand have 1seg configurations but all of them cannot be decoded in our receivers. This is probably due to some settings that may be part of the "new generation setup" that will be part of the ISDB-Tph Standard.

Opinion:

Now that is now rebranded as , here's my monitoring on other channels as of this writing
(Disclaimer: All of my wordings and views are opinions):

- (which is now or blocktimer) is encountering the slowest privatization process. I hope ATC would remedy this issue by using " process of the current IBC 13 Execs and finding a right private media conglomerate to formally turnover the station.
- and should improve their analog / analogue transmission since their signal is low and not viewable by the audiences (especially the fans of and).
- The return of in analog / analogue. I hope Bro. Mike Velarde commenced this asap this year. The Catholics are very anticipating on this launch.
- Will / on ch.45 and has the plans to have digital terrestrial transition or to remain as DTH / Satellite channels after the analog / analogue shutdown five yrs from now?

 2. [Solar Entertainment Corporation](#)'s DTTB signal has weakened. But it is still receivable in some parts of Metro Manila using a Sophisticated Custom Antenna.
 3. [GMA Network](#)'s DTTB Transmission is offline. Probably due to maintenance and tweaks on their DTTB Transmission.

Post-Asian Television Content, Corp. Blocktimer Era on :

discontinued to raise the poor status of IBC 13 as the new Network over the past 2 months. Yesterday, sad news to all viewers of the said network when ATC stopped their blocktime programs due to poor ratings and executive mismanagement of IBC 13. The worst is, that IBC 13 encounters today the slowest privatization process; with no private companies endorsing them to be like (under San Miguel Corporation and Aliw Broadcasting Corporation) and (under government auspices).

Today, the question is this - will IBC 13 rise again or it will be a defunct station, waiting to be reopened after a year/s of waiting for a perfect company to acquire them fully?

Ngayong naghahanda na ang ating bansa para sa paglipat ng telebisyon mula analog papuntang digital, heto ang mga nasaliksik ko nang mga TV networks na handa na sa paglipat:

1. ABS-CBN ch. 2 (including ABS-CBN Sports+Action ch. 23);
2. People's Television ch. 4;
3. TV5 (including Aksyon TV ch. 41)
4. GMA 7 (including GMA News TV ch. 11);
5. 9TV
6. NET 25 (including INC TV 49);
7. BEAM ch. 31; and
8. UNTV 37

TV Networks na wala pang desisyon para sa digital transition:

1. Sonshine Media Network International ch. 39 (pagmamay-ari ni Quiboloy); and
2. Hope Channel Philippines ch. 45 (airing 3ABN)

TV Network/s na wala pang opisyal na paalala para mag-transition sa digital pero possible na nakahanda na:

1. SBN 21;
2. RJTV 29;
3. Light Network ch. 33; and
4. DBS TV 35

TV Network/s na sa digital lamang nag-launch, hindi sa analog:

1. Solar Entertainment Corporation (Solar Television Network)

Finally, one channel ang hindi pa nakahanda for digital transistion according to my researches:

1. IBC 13

Feel free to post comments and queries. Thank you.

We've noticed that on these past few days, The broadcast transmission of [Solar Entertainment Corporation](#) has weakened to the point that it there are significant drop-outs while receiving their sub-channels.

We can still receive the channel outside it's test coverage area using specialized RX equipment, but there's a need to fine tune some settings in order to have a "clear reception".

Gregory Maximinian Follow-up:

The clear signal of SBN 21 and RJTV 29 (according to my researches) was caused by ionospheric condition especially at night.

It means, malinaw ang signal ng dalawang network dahil sa galaw ng mga signal elements sa ionosphere.

As a conclusion, these 2 networks will gain clear signal ONLY at night, not during daytime.

[MC] Today in History:

1972, idinekara ni Dating Pangulong Ferdinand Marcos ng MARTIAL LAW, sa pamamagitan ng Proclamation 1081. Sa panahong ito, nakaranas ang mga Pilipino ng kahirapan, korapsiyon and karahasan. Kontrolado ni Marcos ang mga kawal at ang kalayaan ng pananalita, pahayagan, media, atbp. Inaresto ng kanyang mga opisyal ang sinumang kumontra sa kanyang administrasyon. Sa kabila ng lahat nito, maraming mga proyekto ang natapos at ipinatayo sa panahong ito.

Ano ang naalala ninyo sa panahong ito?

Ralph Domingo Let's respect his role as a tabloid writer, sports fan and mediaman. Pero ang dapat niyang realize ay may nanonood pa rin ng TV kapag weekdays at Saturdays, hindi lang Sundays. The reason why he kept posting these Sunday skeds is because he claims na mas maraming nanonood ng TV kapag Sundays, when in fact mas marami pa ang nasa malls, tourists spots at iba pa tuwing Linggo.

I suggest that he should change this habit ASAP. Mag-research siya sa mga weekday and Saturday programs, and every once in a while, manood ng TV during these days. Because Sunday isn't always an important day of the week when it comes to TV viewing.

Is GMA the only free-to-air network that operated 24/7 in the country? Or ABS-CBN did try sometime in its sixty-year history? O may other networks na ginawa ding mag-24/7?

The Transmitter Tower at San Francisco del Monte (near LRT Roosevelt Station) at Quezon City.

[Edwardson Diestro](#) Sa akin there no need na. Alam ba ng 9TV na nakikishare sila ng Transmitter na may sariling transmitter already. Hindi lang transmitter ang problema ng IBC 13 pati na ang live satellite feed sa ABS 2 still offline including PTV4 also on the same satellite aside from ISDB-T digital TV testing. For now they are using a rare analog feed both Dream and Cignal both 4 and 13 (except Cignal display there Cignal logo for both two channels).

Good afternoon.

Yesterday, I haven't receive any news if the is now commenced for construction through a groundbreaking ceremony at the former , coincident to the 75 years of Quezon City's cityhood.

Philippine Diamond Tower, a 612 meters (200 storeys if I am not wrong) telecommunication and transmitter tower, will serve as the transmission site for digital terrestrial television broadcast of all television networks in the future. Once this tower is constructed, this will be the third tallest tower in the world (Burj Al-Khalifa in Dubai is the first tallest tower, the second is the Tokyo Sky Tree in Japan). Mitsubishi Corporation (Japan) will spearhead this construction in partnership with the QC government.

Ymman Jake Biaco Yung Broadcast Plaza, actually naging controversial yan kasi umabot pa sa demandahan ng Benedicto's at mga Lopez's. Pina-renta ng mga Lopez kay Roberto Benedicto ang Broadcast Center para noon sa KBS, and later sa GTV na naging MBS 4. Maraming damages at saka nawawala ang archives ng ABS-CBN mula 1953 to 1972, so ang sisi ay sa mga Benedicto.

Ymman Jake Biaco Yes. Pero nang ibinalik ng PCGG ang ABS-CBN, di pa din natapos ang problema sa Broadcast Center dahil nakikihati pa sila sa PTV 4 na mas nakakasakop sa studios. Pero nung bumalik ang ABS-CBN in full blast on 1987, unti-unti na regain ang studios hanggang sa lumipat ang PTV sa Visayas Avenue.

Dati, sa mga government networks like RPN, IBC, at Ch. 4, pati sa mga blocktime networks like ABC 5, RJTV 29, at CTV 31, matitino ang mga palabas like Sagupaan, Sabong TV, PBA, at NCAA.

Ngayon, ang mga matitinong palabas sa government at blocktime networks, nasa big 3 privately-owned networks na (pati sister channels nito) para lang sila kumita (pero yung katulad ng Ating Alamin, at Tukaan ay nasa government stations pa rin hanggang ngayon, na may replay din sa cable at sa ibang network).

Dating nabalita sa at ang batang ito na nawala noong kasagsagan ng bagyong . Namatay ang kanyang tatay (dahil sa bagyo) at buhay pa ang nanay nito, na siyang gumawa ng account na nasa ibabang bahagi para sa madaliang paghahanap sa batang ito (buhay man o patay).

Dati itong naipost at napansin namin ng aking fellow admin sa dating group page natin (na kontrolado ng hoaxer na si Lian Las Pinas), kaya pinayagan namin ito na malagay sa page para na rin sa public service announcement. Ang tanong - nahanap na kaya nila ang batang ito?

Gregory Maximinian It seems. PMPC Star Awards for Television became a ground of network wars. I remember during year 2003/2004, this ceremony bombarded with many criticisms like - Ang daming awards ng ABS-CBN, so they deserve to be a best TV station.; GMA 7 has few, they should deserve as a best TV station.; GMA is for the losers.; etc. etc. - ang daming pagbabatikos nung mga araw na yaon. Kaya nag-ugat ito sa network wars - texts sa mga diyaryo o tabloid, social media, blogsites, everywhere from the sun - puro bashes at bullying para lang madepensa lang nila ang paborito nilang TV network (fantardism).

* Standing At Edge of The Earth* then, this song is used for a promo on GMA's Anime Resurrection block... and back then, they are THE Anime Authority here in the Philippines. To be exact, this is the first AMV most young Pinoys back then watched. To those whom did not have the chance to see it, it is best describe as all the best bits of every anime in GMA combined into a 1-minute plug. The shows, scene in the commercial, if my memory serves me correctly are Ghost Fighter (Yu Yu Hakusho), DragonBall Z and Flame of Recca. The best part is, it is on the primetime lineup! Sweet.

Noong Huwebes, inere ang full trailer ng Dream Dad, na dapat sana'y papalit sa Pure Love according to the said trailer. Inupload pa nila ito sa YouTube. Pero tinanggal kaagad ito, at kahapon, biglaang inanunsyo ng ABS-CBN na ang Bagito na ang papalit sa Pure Love, habang ang Dream Dad ay nilipat sa susunod na linggo bilang kapalit ng Hawak Kamay.

Opinion:

It has been 2 months since the end of blocktime agreement of (Broadcasting Enterprises and Affiliated Media, Inc.) Ch. 31 on airing's . Right now, Jack City is available on Digital Cable TV, DTH (Satellite), and on the incoming digital terrestrial television broadcast via their mother network Solar Entertainment Corp. (UHF 22, under test broadcast process).

Over the past months since September, I read some of the commentaries of the avid fans of Jack City regarding on the blocktime ending of Solar to BEAM, Inc.. Some of them still, until now, clamor to return Jack City on free-to-air analogue; spoking disgusting thoughts on O Shopping and Trinity Broadcasting Network-Asia blocktime deal. Surprisingly, I also read a comment of an American citizen (presently residing in our country) who is also a viewer of Jack City. For him, Jack City is only his TV viewing habit and he cannot watch any Filipino channels, obviously that he can't understand Filipino shows. Others are protesting using the hashtag, , 'please return on local channel', or whatever...but still no admin of the official page that would have a mouth of understanding for answering their clamors. I doubt that the silence of the admins of the Jack City Official Facebook Page is their way to turn their back on to to the angst and demands of the Jack City avid fans.

Although I am not following the Jack City page this time, I still continue to read on the fan's clamors and comments. In my utmost cost, I simply reply to their clamors with this - 'Jack City had already ended their blocktime agreement with BEAM ch. 31 and they will have some future endeavors before they come back again on free TV.' With this, some fans understand this message yet others continue to clamor and spread hashtags against Jack City.

Unfortunately, the Jack City Facebook page had also a mistake. Did they remind and gave any specific causes to the followers last August (or earlier) about the end of Jack City's blocktime airing last September? Why they have no word nor answers on the clamors of their followers?

Solar Entertainment should address these clamors in order to remind the viewers and followers about their future endeavors on Jack City. With this, many followers will know about this issue and to deal on it. Also, the followers should have their understanding and patience in order to control the clamor against the network.

If Willie was given an alternative timeslot?

This comment comes from ramones1986 yesterday early morning on last Saturday's post "Willie Revillame's Homecoming on GMA

"Honestly, weekdays 5:00-6:30 p.m. is a relatively bad slot. How about a Sunday afternoon (or more precise, noontime) slot?"

Good question, sir.

Both options (week day afternoons and Sunday noon) are potential audience catchers, thanks to the classes D & E.

However, the difference of the options is on its rival's show:

In the case of **weekday afternoons**, as GMA noted, he would pull the ratings hopefully against the rival's pre-news teleserye. The drawback, overexposure and future lack of respect.

In your case, on a **Sunday afternoon**, before Sunday All Stars (SAS), his presence will be minimized but he will face against ASAP 20, the longest running musical variety show on ABS-CBN. On his maiden broadcast back home, he would earn better rating than the Kapuso Movie Festival they had right now but soon, it will deplete down. Your suggestion reminds of PTV 4's Show Up, of which it ended with a flop due to technical inquiries that are left unsolved.

Nonetheless, the *Turf* believes that his show will go flop in the long run because of his consequential wrongdoings in his past show hosting on Wowowee, Wil Time Big Time, Wowowille. Will you even believe in him on his Wowo-whatever the game show name soon on Kamuning?

Sir before the conclusion, reflect on your own: Can you imagine Willie Revillame as one of the dabarkads in Eat Bulaga?

• [Ymman Jake Biaco](#) One thing to know why GMA tops in Luzon because of its signal strength, nahahagip as far as Central Luzon ang Channel 7. And also, ABS-CBN regional stations are clear enough pero ang Channel 2, sorry to say pero ang hirap niyang hagilapin pwera na lang kung may cable ka or maganda ang antenna mo; ABS-CBN should address these signal problems in some areas.

News Update:

- Mula pa kagabi ay naging usap-usapan sa group page na ito ang pagbabalik ng DBS Ch. 35, na pagmamay-ari ni Bro. Mariano 'Mike' Z. Velarde ng Catholic Charismatic Renewal Ministry na El Shaddai-DWXI Prayer Partners Fellowship International.

Kagabi rin, mula sa tagged photos ng fellow admin natin, ay napansin namin ang photos mula sa FB account na 'Dwxi Broadcasting'. Naglalaman ito ng dalawang larawan - una ang comment ng isang TV enthusiast na si Jebi Tiong dela Cruz na nagtanong sa Dwxi Broadcasting kung kailan magbabalik ang DBS Ch. 35 sa analogue at magsasagawa ng DTT Test Broadcast gamit ang ISDB-T, at ang pangalawa ay ang larawan ng master control room ng naturang istasyon. Hanggang ngayon ay kumakalap pa kami ng mga karagdagang impormasyon hinggil sa update na ito sa kabila ng pagiging hindi na bukas sa publiko para mag-Friend Request si 'Dwxi Broadcasting'.

Heto ang link ng mga larawang nakuha namin mula sa isang kaibigan ng fellow admin natin:

Good afternoon.

May kumakalat po ngayon sa Social Media Sites na naideklara raw ng bansang na 'si', pero wala pang OFFICIAL NEWS (capslock mine) kung ito ay totoo. Ang naturang website na nagpost ng 'headline' na ito ay isang satire (kunwari lang) news site para maging trending sa web.

As of now ay kinukumpirma pa namin ang balita tungkol dito sa mga reliable websites na aming inaantabayanan bawat oras at araw.

Maging mapanuri tayo sa mga postings and websites bago natin ito i-repost. Maraming salamat po.

Opinion:

The Top 5 that TV5 Must Know in their One Year at the Media Center

December 22, 2013 was the day when all the staffs and crews of (including newscasters and artists of the) had bade their own farewell to the old TV5 Studios in Novaliches, Quezon City, for the new beginning was began at the newly-constructed TV5 Media Center, which has now completed its first phase (the news and entertainment center) and the second (and final) phase (the entertainment building)is now on-going.

The state-of-the-art TV Media Center Phase 1 building houses the offices of News 5 which includes their cathedral-like war room for news gathering and documentary, their digital master control room, a radio booth for their station 92.3 NEWS FM, new studio rooms for their news shows on TV, lounges

for the visitors who are having their walk-in complaints for the program 'T3 Enforced', and booths for . The phase 1 building reflects on the modern trends of broadcasting in the digital era.

TV5 Media Center was commenced with a groundbreaking ceremony at the construction site of the old PLDT Building at Reliance cor. Sheridan Streets, Mandaluyong City on 2011 led by Mr. Manny Pangilinan (Chairman of TV5) and Mr. Ray Espinosa (former President and CEO). According to the reliable source; before the groundbreaking, a Feng Shui ceremony was initiated for the success of the construction. After 2 years, the phase 1 of the TV5 Media Center was finished and already accommodated by the staffs and crews of the network in 2013.

The developments had been reached so far by TV5 after their transfer at the Media Center. From news, entertainment, sports, and public service, TV5 made progress in bringing quality shows and information in spite of her rivalry on and . Yet their progress for #PhlTV never escaped some criticisms from the viewers, most especially on the show contents, styles of programming, and the network's keeping away from rivalry over the 2 big networks - that make the network still at the 3rd (others 2nd on the provinces like Cebu) place.

To make up our Top 5 that TV5 should know on their one year at the Media Center, here now is our countdown:

Top 5 - Graphics and Animation Problems: The development of graphics and animation done by TV5 became helpful in enhancing their programs such as news. The problem is that they have lack of managing their graphics and animations most especially on the spiels of their integrated news program " and usage of subtitles for interpreting the interviewee's speech in Filipino or English. Few people would say that some graphic artists are lazy on using subtitles and they deal on dubbing the interviewee, which is distracting and confusing to the essence of the mother tongue of an interviewee. Also, laziness and wrong timing may also be a possibility for the poor management of directing the flow of graphics, animations, and transition gap.

Top 4 - Signal Reception: Obtaining the transmitting power of 60,000 Kilowatts since its emergence as TV5 in 2008 during the Primedia (Media Prima Berhad of Malaysia) Era, the said network boosted its signal for better reception. Yet, lack of reception on other relay stations in the provinces became more vulnerable for the viewers (especially those people who are watching PBA on). I read long ago from a reliable source about the plan of TV5 on setting-up some relay stations on the provinces and using UHF frequency for signal improvement. Up until now, no news yet about this development. But the good thing is, that TV5 is now investing for digital terrestrial television broadcast (that will commence by New Year 2015). This will be a hope for many viewers in every provinces who were encountering signal problems on TV5 and AksyonTV.

Top 3 - Employee Management: We already heard the management problems of every workers and employees on TV5 especially the 'talents' (those who are working for long years without regularization, parallel to ABS-CBN and GMA 7) and contractuels. We also heard the pre-retirement benefits to be given to the current workers of the Happy Network in order to sustain the stability of the network after its losses few years ago. TV5 had to do some steps in order to promote additional labor and work-force in order to stabilize their system for better TV industry.

Top 2 - Programming and Shelving Issues: With the coming of the New Year 2015, TV5 have already presented their line-up of new programs for next year. The question is, will another show be put into the shelf with no reason? Do their new programs will have a new good viewing strategy for the viewers? With this, TV5 should know on how to deal with the viewers' choice. The problems I encountered on TV5 like movies dubbed in Filipino; shelving of the shows like 'The Gift', Philippine edition of 'Pretty Little Liars', TV5 Animega, and PBA commentary reports after the first game (which they only shown exclusively on www.sports5.com.ph); and picking up some artist that viewers hated him/her the most (example is Papa Jack, majority of the Filipinos hated his love and commentary styles due to his ranting and arrogant talks on a certain radio station, yet TV5 picked him for an incoming show this 2015 - that will possibly (?) give a wrong show strategy just like what happened to Willie Revillame).

And last but not the least, our Top 1:

Top 1 - Newscasters and Artists' Mismanagement: The emergence of (or simply) became a blow to #News5. Overexposure of their news department head Luchi Cruz-Valdez affected the smooth flow of newscasting which ABS-CBN's Ging Reyes and GMA 7's Marissa Reyes, etc. did not. Their renowned journalist also left News5 with no reason. Some of them transferred to (incoming) and others are unknown. Also, the artists of TV5 encountered farewells of their fellows like Aga Mulach, Sharon Cuneta, and Nora Aunor due to end of contract or a major decision still unknown to public. Freelancing would be the best way in order to accumulate new artists and to discover more talents that will give a break to the network. On the other hand, the EMAJs should be managed by putting them into proper news departments and strict training should be imposed to them. News5 should hire more professional journalists that will help the vitality and potential of the news department.

Overall, more improvements and management should imposed by TV5, now that they are already at the TV5 Media Center. If this happens, the network will be more competitive and fruitful in the coming years. When will these changes happen under the present stewardship of TV5 President Emmanuel 'Noel' Lorenzana? Only time will tell.

Tomorrow will be the remaining TV networks in the VHF and on Monday, the selected noticeable UHF channels.

Good evening.

As the year 2014 ends, the trends about yearend reports on the events of this year via their special documentaries in their respective TV Networks are became very common to the viewers.

Here in our page will also present the reviews about this 2014 using the hashtag .

Yesterday, we already posted some blog articles about our yearend reports courtesy of 'From The Tube' (thanks to Ralph Domingo) and 'Timow's Turf' (thanks also to Timothy Paragas). On the following days, we will post more reviews that will satisfy your reading habits and knowledge about our beloved Phl TV, as she will now encounter the DTT transition phase by 2015 - 7 days to go before its implementation.

Thank you for supporting this group page, as we already reached 255 members and still counting on.

[James Bardos](#) Kasi ang sabi sa news, hihingi ng tulong sa Santo Papa, so it means it is more than just a support for their move, sa pagkaintindi ko, maybe they seek for reinstatement. Sometimes may risk din sa mga actions na ginagawa natin, same din sa private companies, pag dala-dala mo yung statement halimbawa na ang boss mo ay "berdugo", definately may consequence iyan.

[James Bardos](#) Minsan kailangan din na pag-isipan bago gumawa ng aksyon, or dapat panindigan ang gagawing aksyon kung talagang desididong gagawin, kahit kapalit ay pagsibak. Sa akin, ang mga natanggal ay biktima din ng mga grupong kunwari ay maka-mahirap, nalinglang sila.

For those DongYan fans who wanted to witness the Royal Wedding but wasn't able to see them on location last Tuesday, tough luck. Probably next Sunday (Jan 11) ang ipapalabas, hindi po ngayong Linggo. Factors include selecting the best scenes on the altar and on MoA arena.

'An Outlook of Phl TV for '

will now encounter 62 years of its broadcast come 2015. As 2014 ends, let us give our outlook on the TV Networks in par of their future in the coming new year:

will have another new programs that will give another good marks to the audiences as well as artists coming from other TV networks. Sports and live telecast will be enhanced in view of their extended

contract with and in the upcoming of same as . Yet proper management of the network (both company and its workers) and distancing from doing controversies should be a part of their priority in order to enhance labor and work force, and maintaining quality broadcasting for the . For GMA 7 and ABS-CBN, competition should be lessened (hopefully).

As for , distancing from the 2 big networks may be better yet proper management like reducing () and promote freelance artists should be a must. In the course of the fans who are still clamoring for the return of , only time will tell when it will return on air.

, as incoming , has to be more productive on bringing credible news broadcasts aside also from reducing their EMAJ. and should also improve their quality of news and documentary programs, since they are encountering problems on producing programs that should fit as an all-news channel.

For , their only hope is for (), 'kumusta na po ang kanilang privatization process?'). I hope this will happen right now. For someone with an alias of , who still thinks IBC 13 as a sick network, well this network will rise again so better to wait on her privatization process. 'Makakasama rin sila sa DTT bandwagon in the future'. No need to erase the TV Network on the channel lineup (whether on analogue TV, Cable TV, or DTH).

For and , kudos to their signal improvement for this year, thanks to for the efforts to make and to be seen again by the viewers. For the fans of #JackCity - a former blocktimer of #BEAM31, who still clamoring and persistently asking for returning it on free-TV, more education and open understanding should addressed to them on the present status of Jack City - currently as a Free-TV only in digital terrestrial TV (test broadcast as of now) at #SolarTelevisionNetwork. For BEAM 31, only time will tell on what niche of programming will they pursue in the future.

For #NET25, #INCTV49, #UNTV37, #LightNetwork33 and #HopeChannelPhilippines45 (#3ABN) - their propagation of the Word of God through TV medium still continues. We also hope for the return of #DBS35 (owned by Bro. Mike Velarde) and emergence of #TVMaria on Free-TV as a part of continuouing propagation of the Word of God in the future.

Now 2015 is up-close and the future of Phl TV is now near through digital terrestrial television implementation, the Filipinos are now anticipating on the quality of programming that they are waiting for - especially on their maxim 'more channels, more fun'. Changes and new beginnings are the future of Phl TV in the coming years.

From your Admins and Members of this group 'Philippine Television through the Years and Beyond (1953-Present)', we greet you a Happy and Prosperous New Year to all of us!

As of last December 2014 up to now, narito ang developments na napansin ng friend ko sa TV5 main transmitter sa Novaliches, Quezon City (See the picture):

The TV5 transmitter tower had gone its reinforcements since last year. They had already removed the orange antenna panel slot (1) - possibly the vacated Analogue UHF 47, and the top pinnacle (2) was also removed - possibly vacated the 106.7 FM frequency (not the 92.3 FM frequency which is currently at Antipolo City, Rizal) that decreased the present height of the tower. Until now, the construction nets are still shrouded around the tower.

Same as Studio 23 pa naman siya, as of my own observation. They just only patterned to Balls and Bro Channels in local and international cable respectively. They lessen Asianovelas and other foreign shows which are cater the women.

Christian Añasco Mas lalo naman ang CNN PH. Do you really think that ordinary people will watch CNN? If they choose the vernacular, maybe but as of now, its a long shot that CNN PH will be a hit with the masses. Kahit pa na CNN ang pangalan nila, pag hindi nila naintindihan ang balita nila, then its useless.

Christian Añasco But isnt that the same also with ANC? It airs replays of ABS' NCA shows so to me, their all doing the same thing. And the channel isnt even accesible to many because many dont have cable tv. So that means that ANC is only limited to those who have cable tv.

Christian Añasco Yeah im trying to give a balanced discussion here so thats why i brought up the other channels for fair play. And to be honest, i feel like you guys are biased when it comes to comparing channels. If

you mention ABS, its all about good things. You are not mentioning their flaws. But when you mention GMA or TV5, its all negativity. You focus on their flaws, poor ratings, etc. No one mentions their achievements. Its like saying that ABS is the only channel or network that this country has, which is false. All im trying to say is that, whenever you have a discussion, please dont just focus on the bad. Give time to point out the good in whatever topic it may be.

Hindi pwedeng mag-transmit ng UHF signal using FM antenna kasi hindi naka-tune ang Penetrator antenna for UHF frequency, FM frequency siya naka-tune in. Beware, there is no such thing as HDTV antenna for DTT.

As the incoming migration of our country to DTT this year, we should not be gullible on the present products sold in the market today which are not ISDB-Tph compliant.

• [Marciano Berdin](#) Yes, everybody can use the same antenna to receive analog, digital and HDTV signals. This term "HDTV Antenna" probably started in the USA during the transition years from analog TV broadcast to Digital about a decade ago. Usually referring to an outdoor type antenna, and most of the design are of the UHF YAGI-type antennas (or other patented directional antennas) which may typically provide features such as the ability to amplify a signal or point directly at a signal. The original person or company who used this term "HDTV or Digital Antenna" probably made an analogy that just like all things digital, HDTV reception is an either-or proposition – you receive an HD channel in high definition or you don't receive it at all.

[January 25 at 10:11pm](#) · [Like](#)

Marciano Berdin But of course, their analogy of the term "digital" is not the same as the real digital electronics logical "0" and "1" based from voltage level defined by TTL, ECL or CMOS. There are no TTL voltage logic "0's" and "1's" in the Digital TV signal, or even in Digital CATV Channel. One cannot send digital "0's" and "1's" in over-the-air (OTA) and over the CATV's HFC medium. Instead the digital information are carried over the air and over the Coax (HFC) cable using an ANALOG MODULATION technique known as Quadrature Amplitude Modulation or QAM. Digital signals in an OTA broadcast and in Cable-TV system are nothing more than digital information modulated on an analog signal.

Digital data on an analog signal transmission manipulates an analog signal in PHASE, FREQUENCY, and/or AMPLITUDE to represent digital data.

Types of Digital signals modulations are;
Amplitude, Frequency, and Phase Shift Keying.

Bi-Phase Shift Keying (BPSK) --> Shifting the phase by 180 degrees.

Quadrature Phase Shift Keying (QPSK) --> Shifting the phase by 90 degrees.

Quadrature Amplitude Modulation (QAM) --> Shifting the phase and amplitude. (This is where OFDM/ISDB-T digital transmission are basically based. OFDM by which ISDB-T is based is also known as higher QAM's).

January 25 at 10:28pm · [Like](#) · [1](#)

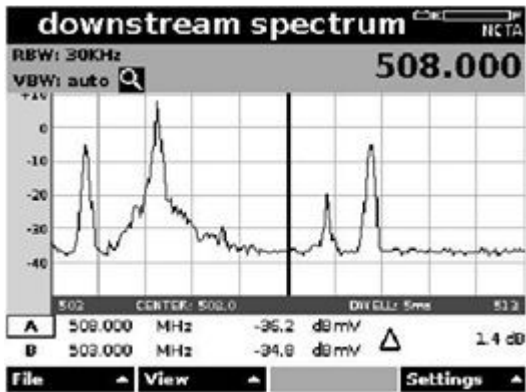

James Bardos Marciano Berdin: Well said, digital signals are being transmitted either through amplitude, frequency or phase modulation. The difference is the data or information that they are sending. In analog TV, the transmitter sends composite video signal while in digital, the transmitter sends batch of "0s" and "1s" over analog modulation, which the decoder can "understand". In comparison, the analog transmitter "tells" the receiver what the picture looks like but on digital, the transmitter "tells" the receiver the combination of numbers.

Marciano Berdin Analog TV channel has almost all the power in the VIDEO Signal or Video Carrier as explained in this illustration. Since most of the power is in the video signal, the only factor that affect good reception in Analog TV Signal is the Signal Strength received by the antenna. (Image illustration from [CATVExpert.com](#))

January 27 at 9:55pm · [Like](#)

Marciano Berdin This picture below is an image comparison of Analog and Digital Channel. (Image from JDSU Inc.) In Digital Channel, the power of the carrier is spread over the 6-MHz wide bandwidth . The signal strength is no longer the only parameter that make good reception. ANTENNA installation must be characterized in order to have good reception. Other parameters must be considered. An ISDB-T Signal Analyzer can characterized your antenna based from the measured parameters of the signal it received, but this tool is very expensive. Some cheaper hand-held meters have built-in simple OFDM/ISDB-T analyzer function that can already measure basic parameters as BER, MER and Constellation of the ISDB-T signal received by the antenna. Meters like Leader Instruments, VeEX and JDSU's DSAM (with ISDB-T option).

Just now, GMA Network said in their plug that they'll start showing the Asianovela "Future's Choice," but I still don't know when it'll start.

Am I right, that it was originally going to be aired on the 4Q of 2014, based on GMA's 2014 Asianovelas plug? But why it didn't push through, though?

Here are the Asianovelas that GMA planned to air in 2014, as said in their plug regarding that:

1. My Love From The Star
 2. Mischevious Kiss: Love in Tokyo
 3. The Master's Son
 4. Secret Love
 5. I Hear Your Voice
 6. King of Ambition
 7. Future's Choice

Muhammad Azim Barsaga Shahid As an Anime Fan.. Siguro naninibago sila sa Filipino Dub.. Karamihan kasi sa mga weaboos (sorry for the term) ay nasanay na panoorin ang anime sa either Japanese Dub or English Dub... Ngayon lang naman naging isyu yan eh... Magmula nang bumalik ang TV5 ANIMEGA sa ere...

Gregory Maximinian Wala naman problem sa dubbing, but they insist na 'ganito, ganyan', in short perfectionist dubbing ang ibig ng mga weeaboos.

Halinbawa: Kaya ba nila (weeaboos) na i-dub ang boses ni Hoshino Goro (Taicho/OhRed ng Choriki Sentai OhRanger) na malagom ang boses pero may malat pag agresibo, stubborn kung magsalita, at kapag galit?

Hindi kasi nila kaila ang paghihirap ng isang dubber para sa maayos na Anime shows, 'ika nga 'boses lang ang puhunan'. Kaysa mag-kritika, suportahan nila ang mga dubbers. Kung may mali sa dubbing, kausapin nang masinsinan kaysa i-bash sa publiko.

Halos lahat ng mga News Channel sa free-to-air TV nakatutok sa Senate Hearing.

Pero yung Sports+Action naka-regular program.

Ano yan? Kelangan ba si President Aquino o lang angnagsasalita sa TV para mag-live ang Spot s + Action?

Ralph Domingo Sports+Action is NOT a news channel, hence its name. Saka may UAAP football silang ipapalabas mamaya, kaya hindi pwede.

Saka hindi naman kailangan ng ABS ang pagsasahimpapawid ng Senate hearing sa free TV channels nila. May DZMM at ANC na sila for that. Plus, they have an advantage in the upper to middle class category who can afford cable.

Paolo Sevilla Bakit po ang SMNI channel 39 eh 24/7 ang operation kung may regulation ang NTC?

February 22 at 7:26pm · [Edited](#) · [Like](#)

Gregory Maximinian Correct me if I am wrong. NTC ruled out that all FTA channels should not exceed their broadcast 24/7 kapag wala sila special events na ipapalabas. Noong bisperas ng Piyesta ng Quiapo last Jan. 9, nagpalabas sila (AksyonTV) ng Banal na Misa ng 12 am-2am. Since special programming, nag-exceed sila until 2 am and after that ay sign-off.

Halimbawa, may nakikita akong isang pang-atin-atin na dayuhan sa Gorordo Ave., Lahug na nanonood ng MYX (SkyCable mismo) noong Mayo 2014.

Ang 40 Taon ng Kapiling Network - Ang Anibersaryo ng IBC 13 at mga Hamon at Tunguhin

Paalala: Ang editorial na ito ay bukas sa publiko para mabasa ng mga ordinaryong Pilipino na may malayang kaisipan at pang-unawa. Kung nanaisin na ikalat o i-repost ito gamit ang mga blogsites at mga campaign websites tulad ng www.change.org ay humingi ng permiso mula sa nagsulat nito (yours truly, Gregory Maximinian). Sa mga taong patuloy na bumabatikos o nagsasawalang-bahala sa kasalukuyang estado ng IBC 13, there is an X button at the upper right part of your browser. I am not a fantard; rather, I am an ordinary TV viewer and observer who always watch different TV networks everytime.

'Hindi pa tapos ang laban...', isa sa makabagbag-damdamin na linya sa kanta nina at mula sa pelikulang ". Isang pahiwatig na patuloy pa rin ang mithiin ng bawat major at minor TV viewers (pati na ng mga empleyado ng istasyon) na walang-sawang nagmamatiyag sa pagsasapribado ng Intercontinental Broadcasting Corporation o #IBC13. Noong nakaraang 2014, naghudyat ng go-signal ang Pamahalaang PNoy sa pamamagitan ni Presidential Communications Secretary Herminio 'Sonny' Coloma ng privatization and bidding sa IBC 13. Isa ang Development Bank of the Philippines (DBP) sa itinalaga ng gobyerno upang isakatuparan ang privatization process bago matapos ang termino ni PNoy. Sa mga bidders, may posibilidad na ang MVP Group of Companies (na pinamumunuan ni G. Manny V. Pangilinan) ang magtatagumpay sa bidding ng naturang network.

Ang Kasaysayan ng IBC 13:

Kung ating babalikan ang kasaysayan ng Phl TV, ang IBC 13; na tinawag na DZTV - Inter-island Broadcasting Corporation 13 ay itinatag noong Marso 1, 1960 ni G. Andres Soriano, Sr. sa pamamagitan ng triumvirate ng RMN (Radio Mindanao Network) - IBC - Philippine Herald. Taong

1970 nang maging ganap ang 'colored TV transition' ng naturang network (kasama ang Ch. 2 at Ch. 9, na ngayon ay). Taong Pebrero 1, 1975 (panahon ng Batas Militar o Martial Law), nang mapalitan ng pangalan bilang 'Intercontinental Broadcasting Corporation' ang Channel 13 matapos ang paghihiwalay ng mga Soriano (IBC) at ng mga Canoy (RMN) at nang napasakanay ito ni yumaong Roberto Benedicto (isang 'crony' ni Pangulong Ferdinand E. Marcos). Noong panahong iyon, naging viewing habit ng mga Pilipino ang IBC 13 dahil sa kalidad ng mga programa at entertainment shows. Dahil sa tulong ng Administrasyong Marcos, naging tahanan ng IBC 13 ang 'Broadcast City' sa Capitol Hills, Diliman, Lungsod ng Quezon kasama ang KBS ch. 9 (9TV) at BBC ch. 2 (ABS-CBN).

Matapos ang Rebolusyon sa EDSA at ang pagluklok kay Pangulong Corazon Aquino, na-sequestered ang IBC 13 ng Presidential Commission on Good Government (PCGG) noong 1987. Nang taong iyon, pinalitan ng network logo na 'E-13' ang IBC 13, nang kalaunan ay ibinalik sa dating pangalan at ginamitan ng islogan na 'Pusong Pinoy, Pusong Trese' noong 1989 subalit nawalan ng saysay ang kanilang pagbabalik sa original format dulot ng kawalan ng mga advertisers at sponsors. Taong 1990 nang mahawakan ang pamunuan ni G. Alfredo Denoga ang IBC 13 at ipinangalang 'Islands TV 13', subalit hindi nagtagal ang kanyang pamunuan dulot ng mga 'labor unrests' at 'mismanagement' ng naturang TV network. Dulot nito, iniutos ng Makati Regional Trial Court noong 1993 ang paghinto ng 'Islands TV' sa pagiging 'marketing and sales agent' ng DZTV 13. Ang taon ring ito ay naging bahagi ng broadcast history ng Ch. 13 nang pinayagan nila ang El Shaddai-DWXI Prayer Partners Fellowship International (isang Roman Catholic Charismatic Renewal Ministry na pinamumunuan ni Bro. Mariano 'Mike' Z. Velarde) na magsahimpapawid ng mga gawain at anibersaryo ng naturang Katolikong organisasyon. Noong 1992, ang IBC 13 ay naging 'government-owned station' sa pamamagitan ng compromise agreement ng PCGG at ni G. Roberto Benedicto.

Taong 1994 nang mag-launch ang IBC 13 ng bagong logo at slogan na 'Pinoy ang Dating', na ang titulong ito ay inawit ni . Naging tahanan ng sports programs ang Ch. 13 sa tulong ng blocktimer na Vintage Television noong 1996 hanggang 2002, na kung saan ay nakipag-merge ang VTV sa VIVA Television noong 2000. Ang taong 2001 ay naging mahalagang kasaysayan sa IBC 13 nang isinaayos (reinforcement at retrofitting) ang kanilang main transmitter sa San Francisco del Monte, Quezon City at pati na rin ang mga transmitters sa mga regional stations ng TV network. Noong 2003 ay nagpalit muli ng logo ang IBC 13 at ginamit nila ang slogan na 'Ang Bagong Pilipino'. At noong 2007, nakipagkasundo ang IBC 13 sa Makisig Network ni G. Hermie Esguerra upang makipag-blocktimer ngunit ang kasunduang ito ay hindi natupad hanggang sa natapos ang agreement noong 2008.

Sa pagdaan ng panahon, napabayaang ang IBC 13 sa aspetong teknikal at employment. Hanggang sa pagpasok ng pamunuan ni PNoy noong 2010, ninais niyang maisapribado ang IBC 13. Nais

sumali sa bidding ang ABS-CBN ch. 2 ngunit hindi sila pinayagan dahil sa ownership regulations na ipinatutupad ng gobyerno. Habang ang San Miguel Corporation ay nagnais rin na maging bidder para sa pagsasapribado ng TV network. Nagkaroon rin ng kontrobersya ang IBC 13 dahil sa isang 'midnight deal' sa Prime Realty, isang affiliate ng R-II Builders Group na hawak ni G. Reghis Romero, Jr., na siyang magde-develop sa isang malaking bahagi ng Broadcast City bilang isang condo unit. Subalit kaagad itong pinigilan ng korte at ng PCGG na mangyari ito sa Broadcast City. Sa kabilang dako, kahit ang kasalukuyang Ilocos Norte Representative Imelda R. Marcos ay emosyonal na nagpahayag na kanila pa rin ang IBC 13 at ang Broadcast City kahit ang mga ito ay isinasapribado na ng gobyerno.

Taong Hunyo 11, 2011 ay nakipag-blocktimer ang ng sa IBC 13 para sa all-sports shows na . Naging daan ito upang masaayos ang ilang bahagi ng studios ng Broadcast City (master control room at mga pagdarausan ng diskusyunan lalo na sa PBA) bago ang formal launch. Nagpalit muli ng logo at islogan ang IBC 13, na ang battlecry ay 'Where the Action is!' at naging daan ang blocktime agreement ng MediaQuest (na siyang namamahala sa Sports5) sa muling pagpapasigla ng naturang network. Subalit noong Abril 11, 2013, inihayag ni TV5 Chairman G. Manny V. Pangilinan ang pagtatapos ng kanilang blocktime agreement sa IBC 13 sa buwan ng Mayo 2013 dulot ng malaking gastusin at pag-aalinlangan sa kinabukasan ng naturang network (at that time ay nahaharap sa problema ang TV5 dahil sa kontrobersya kay Willie Revillame at sa patuloy na pagpapagawa ng TV5 Media Center sa Reliance, Lungsod ng Mandaluyong).

May mga balita na naghayag noong September 26, 2012 na nagsusumikap na i-digitalize ng IBC 13 ang kanilang mga lumang programa at muli itong isahimpapawid bilang 'IBC Classics'. Ito sa sa panahon ng pamumuno ni G. Eric Canoy subalit hindi ito nag-materialized. Hanggang sa pagpasok ng 2014, isang blocktimer na Asian Television Content, Inc. ang nakipag-agreement sa IBC 13 para sa pagpapanumbalik ng sigla ng network, at bininyagan nila ang IBC 13 bilang isang 'Kapiling Network' at ginamit nila ang islogan na 'Television at its Finest'. Hunyo 2, 2014 nang magpalabas ng mga drama at educational programs ang ATC sa hapon at gabi na tinutukan naman ng karamihan. Subalit noong Agosto 31, 2014 ay nagpasyang ihinto ng ATC ang kanilang blocktime agreement sa IBC 13 dahil sa posibilidad ng mahinang ratings, poor viewership, at kawalan ng advertisers. Pero hanggang ngayon ay ipinapalabas pa rin nila ang nag-iisang programang 'PBA D-League' na kanilang ipinangako sa mga sport viewers.

Mga Hamon at Tunguhin:

Habang naghihintay ang mga Pilipino sa kalalabasan ng pagsasapribado ng IBC 13, may mga masyadong desperado sa kasalukuyang estado ng Kapiling Network. Quoted from what Ralph

Domingo of 'From The Tube' says on his article 'ABClassics is a Hoax': 'And for some, the feeling of desperation and impatience is increasingly obvious.'

Just ask Mark Kelvin Oloroso.

Si Mark Kelvin Oloroso, o tinatawag na 'Kelvin Abe' sa isang certain Wordpress blogsite ang siyang walang-sawang bumabatikos sa IBC 13. Sa isang blog article niyang 'AbeTorial TOP 5: Ang 5 dahilan kung bakit naging “pinaka walang kwentang TV station” ang IBC-13 (as of February 14, 2015)' [Kelvin, alam mo ba ang terminong 'walang kuwenta'? Sinasabi mo na wala nang kuwenta ang IBC 13, but how about the sense of their shows that identifies the Filipino culture like 'Cooltura', 'Chinatown TV', 'Kawaii TV', and among others? Paki-explain, labyu], itinala niya ang mga 5 punto ng kawalan ng saysay ng IBC 13. Para sa kanya, parang basura na ang TV network na ito na malapit nang itapon. Naghikayat rin siya noon sa kanyang blogsite noong nakaraang taon na dapat nang alisin na sa mga channel list ang IBC 13, mapa-analogue TV, Cable TV, o DTH (Satellite). Kaya naisipan ko na gawan ko ngayon ng review - no spin, no bias, just editorial of truth.

Sa simula ng kanyang blog article, quoted:

'Babala - Kung ikaw ang fan ng IBC-13, HUWAG NIYO PO TONG BASAHIN ANG ARTICLE NA ITO.'

= Paano makapagsisimula ng pagsasaliksik kung walang pagbabasa at pag-aaral? Walang hadlang sa isang editor writer na magbasa at i-expand ang kanyang kaalaman upang mapagtimbang ang tama at mali. Walang magagawang pananaliksik kung walang pagbabasa.

Quoted: 'Mga AbeNatics, mukhang malapit na talaga sa “Dead Zone” ang Pinaka-Walang kwentang TV Station sa buong Pilipinas dahil palala ng palala ang sitwasyon. so ito na ang updated na TOP 5 na dahilan kung bakit naging naging “pinaka-walang kwentang TV Station” ang IBC-13.'

= Off-topic: Paki-ayos ang komposisyon mo ng mga pangungusap.

Sa kabilang dako naman, sinasabi mo na nasa 'Dead Zone' na ang IBC 13 pero taliwas naman. Buhay pa rin ang network kahit patuloy na dumedepende ang IBC 13 sa tulong ng gobyerno habang hinihintay pa nila ang privatization process.

Quoted: '5. PALAGING UMAASA SA SIMULCAST WITH PTV-4

Dahil sa bulok na platform ng “Media ng Bayan” lagi na naman sa idinaan sa pagsa-simulcast sa PTV-4 ang IBC-13 kaya nevermind naman ang PTV-4 ukol sa trip ng trese.'

= Bulok na platform? Ang nga may problema rin sila ngayon sa mga empleyado o labor unrests na parehas rin sa IBC 13. Hindi lang mai-manage dahil ayon sa isa kong insider, iba na ang rules ng PTV 4 sa IBC 13 sa pamamalakad ng kanilang TV networks - political system 'ika nga. Pero ang

delayed telecast ng " at mga news simulcast sa IBC 13 ang tumutulong sa pag-expand ng news coverage kahit kaunti na lamang ang pondo ng ch. 13.

Quoted: '4. UNLI-TV SHOPPING and UNLI-DOKYU RERUN

Bukod sa pagkawala ng bulok na programa ng ATC@IBC bumalik sa dating gawi ang IBC-13 sa pagiging walang kwenta kaya naman instead na pag-asa eh pa-asa lang sa primetime itong kumag ba channel na ito. At Ano ba yung Tagamend? Yan ba ang "Pinaka-Walang kwentang Programa" ng IBC-13?'

= Matagal nang wala ang 'Tagamend' sa IBC 13, nasa Veritas 846 AM na ang naturang medicinal show. Bulok ba ang mga palabas ng Asian Television Content, Inc.? No. 'The Two Sides of Ana', 'Hi-5', 'PBA D-League'...dito na-engganyo ang mga manonood. Nanghinayang rin ang mga manonood nung pinull-out ang mga palabas na ito dahil maganda naman sa content at nostalgic ang mga Pilipino sa mga Mexican telenovela. Kahit may paulit-ulit na dokyus at TV Shopping (kahit PTV 4 meron din), may mga bago naman like 'Chinatown TV' at 'Kawaii TV', may new episodes rin every week. Manood ka rin, so that you may know. Huwag maging fantard sa ibang networks including the Big 2.

Quoted: '3. INULANAN NG FANTARDS

Last December 12, 2014, biglang sumama ang loob ang mga ng Fantards ng IBC-13 o mas tinatawag na "Team Trese" sa 'kin dahil hindi nila tinatangap ang pagiging "Pinaka-walang Kwentang TV Station" ang IBC-13. kaya sabi ni Rina Aizawa sa Go-Onger na "Smile Smile" din pag may time kapag ako o sila'y tumanggi.'

= Off-topic muna ako: Noong nagsara ang NU 107 taong 2010, marami ang nagdagsa sa kanilang istasyon sa Lungsod ng Pasig upang suportahan ang FM station na ibinagsak ng mga . Nung maging Win Radio (ngayon ay Wish 1075), marami rin ang nadismaya dahil 'Win Radio Sucks' at ito ang nakasira sa industriya ng Pinoy Rock Music.

Sa TV naman tayo which is my majority topic, noong naging 9TV ang RPN 9, marami ang naging fans ng naturang network noong nag-reformat sila as an all-news channel. Even IBC 13 has also real avid fans, especially those who are nostalgic to the former shows ng ch. 13 like Japanese Sentai Series, Anime, comedy shows, news, etc.. Sa kabilang dako, ang " ay isang taong dumedepende sa iisang TV network lamang at hindi siya bukas sa iba pang mga TV networks na kung minsan ay inaaway niya ito at ipinagmamayabang ang kanyang paboritong channel, na napupunta sa - 'ika nga in short, close-minded person. Huwag ka rin mandamay ng isang taong Haponesa sa isang Japanese Sentai na walang kaugnayan sa isinulat mong blog. Many Japanese Sentai, Tokusatsu, and Anime fans will call you a for that.

Quoted: '2. LET IT GO! LET IT GO!

Hanggang hindi pa rin isinapribado ng Gobyerno ang IBC-13 . ang swerte kasi ng RPN eh, magiging

CNN Philippines this month. Speaking of Which, may isang “Russian Mongoloid” na Anti-Coloma ako? Excuse me Ako? Anti-Coloma? para sabihin ko sa iyo na Tamad pa rin ang Aquino Government pagdating sa mga Pangakong ipinako ng kararami at saka sa mga importanteng bagay. Si TV5 Chairman Manny V. Pangilinan ang isa sa mga posibleng bidder ng Privatization, HINDI NGA? NO WAY!

= Hanggang ngayon ay wala pang formal announcement ang 9TV para sa transition sa pagiging . Huwag kang mandamay ng kapwa na hindi mo kilala. Pagpasensyahan ang Administrasyong PNoy dahil sa matagal na proseso ng privatization (patience pays - may political system ng ating gobyerno, pero mahalaga pa rin ang magmatiyag at magbantay). Kung ayaw mo kay MVP bilang isang bidder, sino ang ibig mo? Puwede mo naman i-elaborate. Huwag masyadong magmarunong, hindi ka taga-DBP (na nangangasiwa ngayon sa privatization).

Quoted: '1. HINDI PA SILA READY SA DIGITAL TV

Since nag-launch na ang ABS-CBN TVplus na maka-recvie ka na ng Digital TV Signals not just ABS-CBN, ABS-CBN Sports+Action and the rest of 4 free Channels, also PTV-4, TV5, GMA, Solar Entertainment, UNTV at BEAM TV. Pero ang IBC-13 wala pa rin plano for DTV standards dahil may utang pa rin sila sa mga bobong blocktimers.'

= May DTT standards na tayo, ang ISDB-T, at last year pa inaprubahan ang specifications and technicalities. NTC had already mandated all TV networks to shift to digital using ISDB-T. In the case of IBC 13, may chance pa dahil under preparations pa ang ating bansa patungo sa migration. Even Japan extended their help though financial means, kaya may posibilidad na matulungan nila ang IBC 13 na tulad ng ginawa nila sa PTV 4. Sinigurado ng gobyerno na walang TV network (kahit ang mga TV viewers) ang mapag-iwanan sa teknolohiyang ito. Pero ang mahalaga, magbantay at magmatiyag rin.

Quoted: 'Mga AbeNatics, tanggapin na lang natin ang pagiging Walang Kwenta ang IBC-13 dahil sa kangkungan pupulutin ang mga IBC-13 Fantards, kaya...Always Remember, “Kitahara Rie is LOVE, Huwag maniwala sa quote na Think Before You Speak dahil TANGA lang ang nagsasabi non”. At Yan AbeTorial TOP5 ngayon araw ng Sabado, more butt-hurt article to come so stay tune sa AbeTorial. HAPPY VALENTINE’S DAY MGA AbeNatics!

TEEHEE!

= Maraming tao ang madidismaya sa tono at sinabi mo rito. How could you show love this Valentines kung puro hatred ka? Ka-level mo na si dahil sa masyado kang namumuhi sa mga taong gumagawa ng kabutihan para sa pagsuporta sa IBC 13.

Ang kinabukasan ng IBC 13 ay kinabukasan ng industriya ng #PhITV. Kaysa bigyan ng paninira at pagkamuhi, nararapat na suportahan natin ang istasyong ito sa abot ng ating makakaya. Huwag sanang humantong sa panahong susugod tayong lahat sa Broadcast City upang magdaos ng vigil,

magsindi ng kandila pagpatak ng 12 midnight, at sumigaw ng 'IBC'...na tulad sa nangyari sa final sign-off ng NU 107 noong 2010. PNoy, Sec. Coloma...kilos na po kayo para sa IBC 13 privatization. Hindi pa tapos ang laban!

Jake-jake Jacinto In fact, IBC 13 is Pinoy TV's real trendsetter, just like RPN, during the stations' heyday in the 1970's and 1980's. They catered its programs to everyone, mostly the masses, while GMA at that time only catered to the elite, upper and middle class families.

Now, it's so sad to see IBC 13 deteriorate in the recent years.

Pati regular season NBA games, may local commentary na rin sa ABS-CBN Sports simula kanina sa laban ng Clippers at Grizzlies. Pero nire-record lang nila ito sa ABS-CBN Broadcast Center, in the same manner as Top Rank Boxing.

Hindi ito ang unang pagkakataon na may local commentary sa mga NBA regular season games. Ginawa na rin ito ng IBC-13, sa pakikipagtulungan ng Solar Sports, noong 2003.

Siguro magiging pantay lang sila in terms of linaw ng reception pero hindi sa dami ng channel. Well, mas madami na ang magiging channel sa digital TV compared sa analog TV pero mas iba pa din ang cable kasi mas maraming channels na inooffer dun na hindi mapapanood sa free TV. kasi nga may monthly bill.

• [Ymman Jake Biaco](#) Gaya nang sinabi ko, cable and satellite cater upscale and free DTV caters masses. Ang kailangan talaga ng tao ay malinaw na signal, parang pakunswelo o pampagana na lang ang mga premium channels na ino-offer ng ABS-CBN, for example, para maengganyo na tangkilikin ang produkto nila.

Mas marami ng choices ang viewers. Mas masaya na manood kasi dumami na ang mapagpipiliang channels.

Her network (TV5) does not want to make extravagance in news and public affairs unlike ABS-CBN (due to biased news) and GMA 7 (due to awkward news reporting, though they gained more awards). Naalala niyo pa po ba ang Marimar Fever sa Pilipinas noong 1996? Read this article to find out more.

FILIPINOS IN A LATHER OVER MEXICAN SOAP OPERA

MANILA, Philippines (AP) _ People leave work early to watch her. Parents name their girls after her. Authorities told the power company to make sure there are no blackouts while she's on. And a Manila man gave his life for her, stabbed because he wouldn't change the channel.

The sensation is Thalia, the star of ``Mari Mar," a Mexican soap opera that has hit the Philippines with the force of a typhoon in the current monsoon season.

Thalia flew to the Philippines on Friday on a trip that promises as much pomp as many state visits. President Fidel Ramos has invited her to the presidential palace, and Channel 9 plans to air live footage of the nine-day trip, which it is sponsoring at a reported cost of \$400,000.

``I love you all," Thalia told the crowd who greeted her pre-dawn arrival in Manila, recorded by more than 50 photographers and TV cameras.

Just three weeks after debuting as the first Mexican soap opera on Filipino television, ``Mari Mar" surged to the top of the ratings, pushing aside a rival network's once-invincible ``TV Patrol" news magazine, long the top-ranked news show in the Philippines.

While foreign soaps like ``Dynasty" have been popular here before, the ``Mari Mar" phenomenon has reached an entirely different level. It is the most popular serial on Filipino television ever.

``Mari Mar" tells the story of a peasant girl who comes to the city, entertaining passersby as a clown on the streets in exchange for tips. She falls in love with her Prince Charming, but his stepmother separates them. The girl eventually discovers she is actually the daughter of a rich Mexican landlord and is reunited with her love.

The show, which aired in Mexico a year ago, is scheduled to finish in the Philippines in October _ unlike American soap operas, Mexican soaps run from six months to a year.

Entire households have rescheduled their lives from 6:30-7:30 p.m. to watch the daily soap, which is dubbed into Tagalog. Hospitals report a wave of babies named Mari Mar, Thalia's role in the show. Throughout the country, stores and offices have begun closing early.

``I even sell my vegetables at a discount so I can get home early to watch Mari Mar," said Delia, a vegetable vendor at Manila's Paco market who gave only one name. ``The story is very Filipino and it gives me a good cry."

The civil service has warned that government employees found sneaking away to watch the show will be reprimanded on the first offense and face dismissal on the second.

Lawmakers in the town of Guimba, north of Manila, ordered the local power company not to schedule any power outages during the daily broadcast.

“Very seldom do we see our people in Guimba preoccupied and mesmerized with such a soap opera, and to deprive them of such enjoyment would be to act like a killjoy,” city council member Benny Rillo said.

One Manila man was even stabbed to death by a drunken cousin while watching “Mari Mar” because he refused to change to another channel.

Tabloids regularly feature photos of Thalia, a 25-year-old Mexican singer and actress, on their front pages. In a report on an earthquake in Mexico, the People's Tonight newspaper reported that the quake had affected the city where Thalia was born _ and featured a picture of her in a mermaid's costume.

President Ramos has invited Thalia to the presidential palace, and wrote a letter to Mexican President Ernesto Zedillo saying that the series has created a “new kind of Philippine-Mexico connection.”

“It's almost unbelievable how Mari Mar and her TV series have become so popular in the Philippines,” he wrote.

A shared culture from 400 years of Spanish colonialism may help explain the connection. The Philippines and Mexico enjoyed a flourishing galleon trade during the colonial era, and the Spanish Roman Catholic Church administered the Philippines from its Mexican base.

But the Philippines passed from Spanish to American hands in 1898.

Few people now speak Spanish and most feel closer ties to the United States than to the Hispanic world.

Commentators differ on why the show is so wildly popular: the fast-paced plot, the glamorous settings, Thalia's light-skinned Latin beauty _ or even the dreary lives of many Filipinos.

But one thing is for sure: it will soon face a new crop of competition.

Another channel has already snapped up two other soap operas featuring Thalia, “Maria Mercedes,” and “Maria La Del Barrio.” And Channel 9 has begun showing the soap opera “Acapulco” every day as a curtain-raiser for “Mari Mar.”

May isa pa po akong post about sa Marimar Phenomenon na kinababaliwan talaga noong 1996 sa Pilipinas:

Mere Soap Opera? It's Mexican Magic (in Tagalog)

By EDWARD A. GARGAN

MANILA— As the shadows on Honradez Street lengthened, Conrad Alvarez hustled about his open-air corner grocery store making sure all four television sets were on. It was 6:30 in the evening and it was time for "Mari Mar," the country's favorite soap opera -- a blizzard of love, sex and betrayal, poverty and sudden wealth, revenge and triumph. And a talking dog.

But the actors who flutter across the screen are not the usual stable of Philippine stars. Instead, all are Mexican and they have rampaged through the Philippines like a late-summer typhoon.

Especially the actress who plays the heroine for whom the show is named. She goes by the stage name Thalia, and recently, in the midst of a historic peace agreement with Muslim guerrillas and the centennial celebrations of the Philippine Revolution, all was pushed aside as she stormed into town where she was thronged by crowds usually seen only by the Pope.

"She's captivating," sighed Mr. Alvarez as he huddled in front a television with his wife Emma. "She's so sexy. She's romantic." Their five children hunkered down around another set, some neighborhood kids drifted in and an hour of romance had begun.

"It's different from our soap operas," explained Mrs. Alvarez, settling onto a plastic stool. "She has the same problems we do. It shows the discrimination against poor people. Her house was burned down when she was poor. They mistreated her. They degraded her. She's almost Filipina."

But the Thalia phenomenon is not restricted to the Philippines. Televisa, the Mexican network that produces "Mari Mar" and is the world's largest producer of entertainment television, markets this and

other soap operas in Asia and Russia. Thalia drew similarly enthusiastic crowds last year on a visit to Indonesia.

Since first exploding onto Philippine television sets last March, "Mari Mar" has bulldozed the country's prime time television hour, established Mexico in Filipino eyes as the font of what is pure and romantic, and transformed the Philippines, in the words of one commentator, into the "Republica de Mari Mar." Across Manila, at the witching hour, commuters scramble from buses, street basketball players hurry home and bars fall silent as Mari Mar, her Spanish dubbed into Tagalog, begins to talk.

It was people like the Alvarizes, by the thousands, who gathered outside Manila's airport in the predawn darkness to welcome Thalia, whose plane finally touched down at 4:30 A.M. For those who didn't make it to the airport, television carried the event live. From there, it was a week of concerts, interviews and public appearances. Thalia, a 23-year-old who got her start as a pop singer, showered kisses on the crowds like confetti. Tears flowed. Politicians vied for her attention.

In Guimba, a town a couple hours north of here, local officials told the local power company in no uncertain terms that there were to be no power failures during Thalia's visit or during daily broadcasts of her show or concerts.

"Very seldom do we see our people in Guimba preoccupied and mesmerized with such a soap opera, and to deprive them of such enjoyment would be to act like a killjoy," declared Benny Rillo, a member of the Guimba city council.

At the head of the list of politicians feting the Mexican star was President Fidel Ramos, who rolled out the red carpet at the Malacanang Palace.

"It's O.K. if I kiss?" Thalia asked the President's wife, Ming Ramos, before planting a taco-sized buss on the delighted President, a kiss that graced the front-page of virtually every newspaper in the country.

"This is what goes with the office," the President beamed, capping off a 45-minute meeting. A dinner drenched in the trappings of a state occasion followed.

The frenzy over Thalia, whose real name is Ariadne Sodi Miranda, stirred bewilderment among commentators more accustomed to dissecting the confabulations of national politics, and resentment among some politicians.

"Not since the days of the galleon trade have Filipinos celebrated with wild abandon the arrival of a ship from Mexico," offered Conrado de Quiros, a local columnist. "She has pretty much stolen the

hearts of Filipinos. Filipino soaps are too familiar, American soaps are too alien. 'Mari Mar' is neither."

The sober Daily Inquirer managed to meld sociology with its own long-running series on corruption in Congress. "You can understand what the Filipinos are trying to escape from," the paper wrote. "They are trying to escape from the ugliness around them. The ugliness of their surroundings, the ugliness of their poverty, the ugliness of their public officials."

"But you can see Thalia descending," the paper raved, "like an apparition from Mount Olympus, and you can understand what the Filipinos are trying to escape into. They are trying to escape into beauty. The beauty of goodness winning over evil, the beauty of folk rising above adversity."

Some lawmakers found the adulation for Thalia overwhelming even the celebrations of the Revolution, which, with American help, ended Spanish rule of the Philippines. "We're becoming a nation of 'Mari Mar' fans," moaned Edcel Lagman, who rounded up 100 equally grumpy colleagues from the House of Representatives and filed a motion deploring the transformation of the Revolution into, as he put it, a "non-event."

The soap opera mines every cliché and wrings every tear. Mari Mar, brutalized by poverty, is rescued by a weakling rich-boy husband who chucks her out on a trumped-up accusation of theft. Mari Mar returns Eliza Doolittle-like, smart, cultivated and bent on revenge. In moments of despair, her ever-loyal dog Fulgoso lifts her spirits.

Many here believe Thalia's Mari Mar embodies the experience and hopes of Filipinas and Filipinos.

"It's almost the same as the Philippines," insisted Mr. Alvarez, as he stacked a few loaves of the bread made in the bakery behind the grocery store. "We're very romantic, Filipinos. Sometimes when I go to bed I dream of Mari Mar."

Mrs. Alvarez swatted her husband with a paper. "He'd better not," she laughed. "But Mari Mar is what we all believe in."

May tanong po ako: Bakit po ba kapag ibinabalita ng News5 ang tungkol sa Meralco, Maynilad, Smart, PLDT, Digitel, NLEx, Philex Mining Corp., at iba pang kumpanya ni MVP ay may sinasabi pa ang anchor na ganito:

"Si [company name] chairman Manny V. Pangilinan ay chairman din po ng TV5"?

I mean, alam naman nating mga kumpanya ni MVP yun, pero bakit kailangan pang may ganung tagline?

Ganiyan din ang sinasabi sa mga newscast ng ABS-CBN noong pag-aari pa ng mga Lopez ang Meralco:

CNN Philippines launch set, faces new competitor

THE GRAPHIC TRANSITION proved it. The launch date has been settled. The long wait is finally over. Next Monday, March 16, CNN Philippines will succeed 9TV after five months of negotiations and preparations. About a month after the deal with the U.S.-based cable news network, Hollywood Express became the first CNN program to be exported to Channel 9. Last mid-January, CNN's corporate colors of red, black and white dominated the graphics in time for the Papal Visit. [592 more words.]

John Rodrigo Diaz Valdez Isara na. GMA 7 nga, hindi nila inayos, tapos another type naman sa 11? Dapat ayusin muna ng GMA ang kanilang programming at isara na lang ang News TV. Ilipat na lang ang State of the Nation sa GMA. Sure ako na dadami ang viewers kapag ganyan ang setup sa GMA.

John Rodrigo Diaz Valdez Yung mga teleserye ng GMA, hindi lang palpak sa ratings, kundi minsan lang sila trending sa social media. At isa pa, madalas konti lang ang commercials.

Kahit tanungin mo yung mga nagti-Twitter, mas type nila ang Kapamilya soaps.

Kaya nga humina na ang GMA Telebabad sa ngayon, not unlike noong si Angel Locsin ay Kapuso at that time.

For me, dapat na ilagay ang State of the Nation at 9pm sa GMA. Bawasan na lang ang primetime dramas. Diyan sila mahina. Kahit weekends, mahina na rin.

MARCH 7, 1998

17 years ago nung inilunsad ang Metropolitan Basketball Association (MBA) sa Lingayen, Pangasinan, na pinangunahan nina Dating Pangulong Fidel V. Ramos at noo'y Pangalawang Pangulong Joseph Ejercito Estrada.

Sa unang season nito, 12 koponan ang lumahok na kumakatawan sa mga key cities o lalawigan sa bansa, 6 sa North (Luzon), ang Pangasinan Presidents/Waves, Pampanga Dragons/Stars, Manila Metrostars, Pasig-Rizal (Blue) Pirates, Laguna Lakers at Batangas Blades, habang 6 din sa South (Visayas at Mindanao), ang Iloilo Voltz/Megavoltz, Negros Slashers, Cebu Gems, Cagayan De Oro Nuggets/Amigos, Socsargen/Taguig Marlins, at Davao Eagles. sa mga sumunod na taon, nadagdagan sila ng iba pang koponan gaya ng San Juan Knights, Surigao Miners/Warriors, Nueva Ecija Patriots at noong 2002, ang Olongapo Volunteers.

Layon noon ng MBA na mas mapalapit ang larong basketball sa masa sa pamamagitan ng paglalaro nito di lang sa Manila, kundi sa mga probinsya. ito rin ang naging mahigpit na karibal ng PBA dahil sa may mga beterano ng PBA na naglaro din sa MBA at nakilala rin ang MBA sa pagbuo ng mga bagong talento sa larangan ng basketball.

Unang nagtapat sa finals noon ding 1998 ang Pampanga Dragons at ang Negros Slashers, kung saan nagkampeon ang Dragons sa pangunguna nina Ato Agustin, Gherome Ejercito, Long David, Dave Bautista at Ato Morano. si John Ferriols naman ng Slashers ang kauna-unahang naging MVP ng MBA noong 1998, na sinundan nina Alex Compton (1999), Romel Adducul (2001), at Eddie Laure (2001).

Ilan din sa mga naiproduce na talento ng MBA na dinala rin sa PBA ay sina Willie Miller, Dondon Hontiveros, Reynel Hugnatan, Alex Crisano at marami pang iba.

ilan din sa mga rule ng basketball ang binago ng MBA gaya ng 23-second shotclock, ang "free three", and "blitz three" at marami pang iba.

for 4 seasons, naging kapartner ng MBA ang ABS-CBN sa pagkocover ng mga laro at paglago ng marketing nito, pero noong 2002, nagtapos ang kanilang partnership, hanggang noong July 26, 2002, nagsara ang MBA dahil sa kakulangan ng pondo. Huling nagkampeon sa MBA ang Negros Slashers.

Mag Tagalog Dubbed Movie nanaman ang Kapamilya Blockbusters sa Saturday in place of a NBA Game, The Game Plan ang title ng movie starring Dwayne "The Rock" Johnson, kaya naman nakkainis naman ang kapamilya network ngayon kung bakit nag tagalog dubbed ang mga movies bukod sa TV5 at GMA?

[Gregory Maximinian](#) Actually, ang unang nagpauso ng mga Filipino-dubbed movies ay ang GMA during the year 2000's. Isa ang 'Forrest Gump' ang ginawang Filipino-dubbed at ipinalabas sa primetime block. I forgot the next movie na Tinagalized, yung character ay isang angel (?) na napunta sa Earth at naging baseball player at si Michael de Mesa ang nag-dub nun

Gregory Maximinian Comment: Mas importante na ang bawat TV and STBs ay may mandatory EWBS, Datacasting, and BML. One may say that they do not need these features, just they want a clear reception. But, what is important? Kaligtasan...safety ng public kapag may bagyo o lindol o ibang kalamidad.

March 23 at 3:34pm · Edited · [Like](#)

Ymman Jake Biaco Yes. At least, mayroon tayong disaster preparedness na pulido at maiintindihan ng tao. Also, para makasagap na rin ng kumprehensibong balita as the datacasting offers news and information just like GEMNET's initial datacast test na sinubukan nilang i-input ang election results during 2010 presidential polls.

Did you remember? GMA-7 also aired religious programs in the afternoons daily when no entertainment programs are broadcast. That is why GMA was also considered "The Christian Network", known for frequent broadcast of Christian Religious programs in the '70s until mid '90s.

Parang awkward ang itsura ng 'The Score' sa ABS-CBN Sports+Action. May MTRCB rating naman sila, pero hindi naka-flash sa top right yung logo ng naturang istasyon.

Laging standard na sa atin ang pag-flash ng logo ng istasyon sa top right tuwing may ongoing na programa, but 'The Score' was something else.

It was not surprising. Not surprising because it's not the first time na nagsanib-pwersa ang ABS-CBN, GMA at TV5 for a TV special or a special coverage.

Bakbakang Pacquiao-Mayweather, ipalalabas sa free TV

Mapapanood sa tatlong network sa free TV ang inaabangang bakbakan nina Manny Pacquiao at Floyd Mayweather Jr.

Ang Aksyon TV naman ay 24 hours pa ring nag-broadcast nung semana santa ng 2012, pati yata 2013. 'Di ako sigurado noong 2014 at noong 2011.

ABS-CBN presents Holy Week programming for Pinoys

In observance of the Holy Week season, ABS-CBN presents its special holy week programming block this Maundy Thursday (April 2), Good Friday (April 3), and Black Saturday (April 4).

ABS-CBN has beefed up its Holy Week programming with shows that will strengthen the Filipino faith and allow Filipinos to reflect during the Holy Week season. Timely episodes of “Maalaala Mo Kaya (MMK),” enlightening episodes of “Superbook,” moving Star Cinema movies, heartwarming restored classics, and a marathon of the top-rating morning teleserye, “Oh My G” will be airing on the Kapamilya network.

Maundy Thursday will be packed with enriching shows including “Superbook” (10:30AM); “Stations of the Cross (Healing Eucharist)” (12NN); “Always One With You Part 1 (Moments with Father Jerry Nita Trofeo)” (2PM); “Kalbaryo 2015” (3PM); “Washing of the Feet (Healing Eucharist)” (5PM); “MMK: Piso” (6PM); “Ekstra” (7:30PM); and “Himala” (9:30PM).

On Good Friday, ABS-CBN’s programming features a string of inspiring shows such as “Superbook” (10:30AM); “Seven Last Words” (12NN); “Always One With You Part 2” (3PM); “Veneration of the Cross (Healing Eucharist)” (4PM); “Pope from the End of the World” (5PM); “MMK: Wedding Gown” (6PM); “Sa ‘Yo Lamang” (7:30PM); and “Tanging Yaman” (9:30PM).

Meanwhile, Black Saturday is all about bolstering one’s faith through the following shows: “Documentary on the Philippine Papal Visit” (9AM); “Superbook” (10:30AM); “Oh My G” marathon (12NN); “MMK” (6PM); “Way Back Home” (7:30PM); “It Takes A Man and a Woman” (9:30PM); and an “Easter Vigil (Healing Eucharist)” (11:30PM). O Shopping will still air during the Holy Week at 12MN.

ABS-CBN’s noontime program “It’s Showtime,” meanwhile, also brings inspiration by presenting the life stories of its most notable contestants, featuring their struggles and journey to fulfilling their dreams. Hosts Vice Ganda, Billy Crawford, Anne Curtis, Vhong Navarro, and Karylle will portray “Stars on 45” champion Ricardo Marcial, “I Am PoGay” grand winner John Raspado, and “Pinasikat” contestants Anna Marie Garbo, Ricardo Cadavero, and Beverlyn Renoria in the special Lenten episodes from Monday to Wednesday (March 30 to April 1).

Opinion:

Holy Week on Philippine TV - A Perspective View

Holy Week - an important event that all Christians from around the world, in which they commemorate the passion, death, and resurrection of our Lord Jesus Christ. This week marks with the rich traditions and liturgy that every Christians (majority are the Roman Catholics) are involved to

participate and reflect on the salvific works of Jesus for the sinners and for those who believe on His Presence as the Son of God. Here in the Philippines, Filipinos are aware on this one-week celebration with an utmost humility and sacrifice for the benefit of a meaningful celebration for all the Christians.

On Philippine TV, it is a tradition of every networks to have their sign-offs at midnight of Maundy Thursday (others at 1 AM or other preferred time of the same day, depending on their regular broadcasting hour schedule) in order to have their employees' vacation break and annual maintenance of their broadcasting facilities (studios, transmitters, etc.). But during 1980's, only one TV station remained on-air for a purpose. RPN 9 (now CNN Philippines ch. 9) became a forerunner of special programmings for Holy Week, mostly produced by the Catholic ministries like 'Sharing in the City' (managed by Dr. Luz Espiritu at supervised by Fr. Sonny Ramirez, OP with coordination of the Dominican Province of the Philippines), 'Shalom Charismatic Ministry' (Fr. Archie Guiriba, OFM), and 'ABC Productions' (by the late Bro. Melvin Canlas) - who pioneered the longest annual special program 'The Seven Last Words' since 1987, and up to now this program continues to air for more than 20 years.

In 1990's, other TV networks also followed this trend with no competition. They also prepared their Holy Week special programming for the benefit of the faithful. IBC 13 had their programs together with EL SHADDAI - Prayer Partners Fellowship International Catholic Charismatic Renewal's Holy Week celebrations which includes their Easter Vigil overnight event. ABS-CBN ch. 2 and GMA 7 had also their special programming on these days (yet they have more sign-offs on these decade). Other TV channels like Citynet 27 (owned by GMA 7, now used for DTTB test broadcast) and RMN's channel 31 (now BEAM 31) also joined the bandwagon for spiritual propagation - showcasing the movies like 'Jesus of Nazareth' and 'The Life of Christ' (produced by the Family Rosary Crusade's Family Theater of the late Fr. Patrick Peyton).

Late 1990's until 2000's also gave opportunity to other networks to offer spiritual programs for Holy Week. Studio 23 (now ABS-CBN Sports+Action ch. 23) and ZOE TV 11 (now on Light Network ch. 33) featured special movies for the faithful about the story of Jesus and His sacrifices and death on the Cross. Other channels owned by other religious denominations remained on-air for obvious reasons.

Time may pass, yet the symbolic sacrifices of every TV networks to commemorate the Passion, Death, and Resurrection of Jesus Christ brings us the true meaning of Holy Week in the Philippines. No matter if they sign-off on the three days of Holy Week or to have special programming on-air, the essence of reflecting the Great Mystery of Christ is a purpose towards our transformation from our old to the new life that we should attain.

Yet, the importance of airing special programs for Holy Week should be in the light of the Paschal Mystery of Christ - that will be wholesome for all, even kids and adults. Still other Filipinos want to prefer all TV networks to go off-air, so that they may concentrate on joining to the religious activities at their nearby Parish Church; since this is traditional. Yet, as I say, time may pass. Every TV networks may have their option to go off the air or to sacrifice their broadcast to showcase religious shows and movies with lessons for the benefit of the faithful.

As the Paschal Triduum draws near, let us think and reflect on how a TV network has doing its best to showcase mainstream programming this Holy Week. Most of all, I would also like to recommend to all Catholic TV networks to showcase Liturgical Ceremonies in order to understand the Filipinos on the beauty of the Holy Week celebrations in the Church. The great sacrifice of every TV networks in order to offer their time and days is the benefit of the greatest love that Jesus Christ offered to all of us.

Have a blessed and meaningful Holy Week to all of us!

Wala pong Live Telecast ang EL SHADDAI DWXI-PPFI ngayon sa IBC 13. Halos Taon taon po ay nagkakaroon ng Live Telecast ang EL SHADDAI sa IBC 13 subalit sa pagkakataong ito ay hindi sila nag Live Telecast. Maging ang Live Video Stream po ng EL SHADDAI DWXI-PPFI ay unavailable. Hindi nagpa-play. Siguro hindi si Bro.Mike Velarde ang magbibigay ng Healing Message sa mga Prayer Partners dahil si Bro.Rey Vargas ang nagbigay po ng Pambungad na Panalangin. Naka-monitor po ako ngayon sa DWXI, ang Official Radio Station ng EL SHADDAI.

John Dominic Dela Gracia Automatic po kasi yun na kapag ang sinumang anak o apo ni Bro.Mike Velarde ang nagbigay ng Pambungad na Panalangin at Gospel na gagamitin sa Healing Message, naroon si bro.Mike subalit kung ang kaniyang mga Disciple Preacher ang nagpambungad panalangin at nagbasa ng gospel, it means po na wala si Bro.Mike. At isa pa pong Trivia: Hindi nagte-Telecast ang EL Shaddai sa IBC 13 kapag hindi si Bro.Mike ang magsasalita o nagsasalita. Ito rin po aking na-obserbahan ko sa mga playback ng Fellowship na ito tuwing 12mn ng Sunday at 7am ng Saturday sa IBC 13. kapag nasa ibang bansa si Bro.Mike, ang video playback ng pinuntahan niyang bansa ang ipinapalabas sa IBC 13.

Stunning and Interesting Facts that you didn't know. with [Angelika Torrevillas](#) and [3 others](#)

WHY COLGATE-PALMOLIVE IS EXCLUSIVELY SEEN ON ABS-CBN

It's quite a shock that after almost a year of dispute, COLGATE-PALMOLIVE Phils. Inc. went back to ABS-CBN for its advertising services in 2010. It can be remembered in 2009 that because of ad rates disagreement with ABS-CBN, COLGATE-PALMOLIVE Inc. pulled out all their TV advertisements estimated to cost around P400 million from ABS-CBN.

Accordingly the multi-national toothpaste and shampoo producer demanded the media giant to slash off its ad rates by half as a reward for its loyal subscription. But the idea was rejected by the TV Network considering that the company is strictly following the 18-minute rule advocated by the KBP. The media titan also argued that the proposal will be unfair for other loyal (but not exclusive) advertisers which may cause turmoil in the advertising market.

But this raged the multi-national shampoo and toothpaste producer, as they cancelled all their subscription schedules with ABS-CBN and find refuge in its main rival GMA Network. Since then all product brands produced by Palmolive-Colgate were exclusively seen on GMA and Q (now GMA News TV).

But in 2010 Palmolive and Colgate product brands were once again spotted in ABS-CBN's commercial period indicating a renewal of partnership between the two business firms. The reason for this was the rumored wilting sales of Colgate and Palmolive brands which affected the financial condition the company. Accordingly the illogical strategic shift in advertising is the main cause of the down turn in sales.

But the question is, why does Colgate-Palmolive advertise exclusively on ABS-CBN?

Based from AGB Nielsen, ABS-CBN has the advantage in all economic classes from A to E especially in the upper economic classes, while GMA Network holds a significant margin in the Class E market which unfortunately has a lesser purchasing power. However the target market of Colgate-Palmolive are on classes C and D and since GMA Network is behind in these markets the volume of sales weakened. Realizing the mistake in its marketing strategy Colgate-Palmolive redirected its ad subscription back to ABS-CBN. However it was not certain if the subscription will once again be exclusive or it will be an open agreement with all existing TV Outfits, just like leading competitors Unilever and Procter & Gamble.

- The Pooch (Senior Admin I) - @StunningFactsPH

P.S.: In 1966, when the Philippine TV turned from black-and-white to color, Colgate-Palmolive was the first to advertise in color. Procter & Gamble meanwhile was the first company to air its first local TV ad in 1960.

Kamakailan, napansin ko, at alam na namin, na muling nagpapatalastas ang mga produkto ng Colgate Palmolive (Phil.), Inc. (CPPI) sa GMA, pati na tuwing Sunday All Stars (SAS), at pinost din ito kamakailan ni [Gregory Maximinian](#) dito.

BTW, alam n'yo ba na umere din sa GMA ang mga patalastas ng CPPI noong 1974 (noong na-relaunch ang RBS bilang "GMA Radio-Television Arts") hanggang noong huling bahagi ng dekada '90?

Let me share to you one of the less heard stories, from a TV make up artist's words:<https://www.facebook.com/buhaymedia/photos/a.736981303021821.1073741831.732897776763507/814100961976521/?type=1>

Buhay Media with Zenaida Lee

"Nag-umpisa ako dati sa Channel 9 at Channel 13. Naglalarang ako dati, pero mula noong 1992, pumirmi na ako sa GMA Network. [Unang Hirit](#), [Balitanghali](#), [Imbestigador](#), [24 Oras](#). Noong araw, 'yung Emergency, [Saksi](#), 'yun ang mga [show] ko."

“Araw-araw 'yun. Pupunta ako ng umaga, uuwi ako, inuumaga na ako doon. Hindi ko makalimutan, duty ako sa Mornings @ GMA pa 'yung Unang Hirit e, tinanghali ako ng gising. E ako lang ang makeup artist, takbo ako. Pagtakbo ko, nadapa ako, dumugo 'yung ilong ko, nabali 'yung daliri ko tapos nabasag 'yung salamin ko. Tapos buong araw, hindi ako nagpupunta sa ospital, ako lang ang gumawa ng paraan, nilagyan ko ng scotch tape 'yung kamay ko saka kumuha ako ng lapis [para pangsuporta], kasi nga nabali ito e. Nung tapos na ako sa Saksi, saka pa lang ako pumunta ng orthopedic. Sinemento 'yung kamay ko. Lyon ang hindi ko makakalimutan.”

“Noong ma-mild stroke ako, ang programa ko noon, 24 Oras, naka-duty ako. Bigla na lang akong nahilo, bumagsak ako, dinala ako sa ospital. Tapos kami rin ang nagbayad, kaya ni singkong duling, wala kami... wala akong nakuha. Kaya lang ako nagkapera, 'yung mga kaopisina [ko], nagbigay sa akin, 'yung mga bossing sa News and Public Affairs, nagbigay sa akin, kaya 'yun, nagkapera kami pandagdag sa pambayad namin sa ospital. Pero 'yung ibang pera namin, nadala lahat sa ospital ko. Dalawang beses akong naospital, wala sa aking binibigay ni singkong duling.”

“Pero 'yung pagkakaalis ko [sa GMA], pinakiusapan ako. Kinausap ako ni [program manager], pinapasabi daw ni [network executive] na iwan ko na 'yung programa. Paano kong iiwan, e kung iiwan ko 'yun, mababawasan ang TF (talent fee) ko, e kasalukuyang nagpapaaral ako noon, saka umuupa kami ng bahay. Pero sinabi ko, 'Sige, magre-retire ako pero sana naman makakuha ako ng pera.' Tapos kinausap ko [sila] sa taas. Sabi ko, 'Magre-retire ako, hindi ba ako pwedeng makakuha ng [pera]? Sabi, 'Magkano ba ang kailangan mo?' Sabi ko, siyempre milyon. 'Naku! Manang, ang talent, hindi nakakakuha ng ganun kalaking halaga,' sabi niya sa akin. Hindi na ako kumibo, 'yun daw ang patakaran ng talent, wala kang makukuha kaya hindi na ako kumibo kasi siyempre kailangan ko ng pera para mabuhay naman kami.”

“Nagretire ako, ni singkong duling wala akong naipon kaya talagang grabe kami noong nahinto ako ng trabaho, hindi namin napag-ipunan. Minsan may gabing natutulog kami (iyak)... hindi kami kumakain. Isa pa, hindi ko alam yung mga SSS noong araw, 'yung Pag-IBIG, kaya wala akong SSS, wala akong Pag-IBIG. 'Yun ang hindi ko napag-ipunan talaga. Kaya nagsisisi ako dahil hindi ko naisip agad na kailangan ko pala ng pera dahil darating 'yung panahon, kumbaga ibig kong sabihin sa GMA, nagtanim ako nang nagtanim, wala pala akong aanihin, ganun din, gutom. Kaya talagang waley ang buhay namin, talagang walang-wala kami noong nagretire ako.”

“Hindi ko na sinampa yung kaso kasi wala akong alam dun e, hindi ko alam sinong lalapitan. Tapos siyempre abogado, kailangan mo, wala naman akong maibabayad sa abogado kaya tahimik na lang ako. Pero ngayon sana, 'yung ibang kagaya kong talent, matuto na sila. Kung maaari, ipanalangin na lang na sana magkaisip [ang GMA], na 'yung dapat ibigay sa empleyado nila nang tama, ibigay nila. Bago man lang umalis sa GMA, makakuha man lang ng halaga para kumbaga makapag-umpisa naman ng konting negosyo.”

“Nagpapasalamat pa rin ako sa GMA kasi kumbaga napag-aral ko yung anak ko, napagtapos ko, kahit ganito na ako... inabot ako ng 60 sa GMA e, nakakapagtrabaho pa ako, 'yun ang pinasasalamat ko rin sa kanila.”

Gregory Maximinian Regarding transmitter technicians and engineers for IBC 13, this should be a call especially to the newly-ECE graduates and for those who are already handled their license but no work yet.

Carlo Pablico Doller That's unfortunate. You know that IBC Davao was off the air from 2006 to 2011, and went back on air around the same year, then off-air on-air vice versa. Yung test card nila, yung old logo ng 13 na may mga old music.

Gregory Maximinian Here in Manila, luckily their main transmitter at San Francisco del Monte, QC was reinforced and retrofitted in 2000's. Kahita dumaan ang mga bagyo noon, hindi nasira nang tuluyan.
